ABOUT GPB 2025

GPB 2025 endeavors to spotlight the latest advancements in plant biology and biotechnology, recognizing the pivotal role of these immobile yet intricate organisms in sustaining life on our planet. This congress serves as a platform for disseminating cutting-edge research, leveraging state-of-the-art methodologies, and fostering innovation in agricultural, food, and non-food applications. Embracing a comprehensive approach, we aim to address both longstanding research domains and emerging breakthroughs, while also delving into the realms of science policy and ethics.
